

Moscow Workshops ICPC

WHAT IS ICPC?

ICPC – competitive programming Olympic Games

ICPC is the biggest annual multi-tiered programming competition among the universities of the world*.

Young talents from Europe, North and South America, Asia, Africa, and Australia are involved in solving the most complicated problems in conditions of limited time

International Collegiate Programming Contest is the leading global platform for academic and industrial partners and universal professional community. It attracts attention to IT industry opportunities and shows possibilities for coming IT Professionals generation which is aimed at perfection

* Since 1977

BY THE BEGINNING OF 2019, THE INTERNATIONAL ICPC-COMMUNITY IS

6

continents

115

countries

3,233

universities

5,411

coaches

52,709

students

320,000+

alumni

530

sites

30,000+

competing
on-site

since 1970

history
impact

OUTSTANDING ICPC ALUMNI ARE NOW THE LEADERS OF IT-INDUSTRY

Adam D'Angelo

Co-founder of
Quora, Former CYO
of Facebook, Silver
medal on ICPC 2004

Matei Zaharia

Professor in
Stanford University,
Co-founder of
Databricks, Gold
medal on ICPC
World Finals 2005

Tony Hsieh

CEO Zappos,
Founder of
LinkExchange,
World winner on
ICPC 1993

Nikolai Durov

Co-founder of
VK and Telegram,
Winner of ICPC
World Finals 2000

What does the ICPC-community bring? to students:

development of programming and
algorithmic problem solving skills

opportunity to fulfill personal and
professional ambitions

rapid career start

to partners:

market expansion of highly qualified
professionals in the IT-industry

HR development of the brand/
company

presence in international
educational agenda

Employment of the ICPC participants 1999-2017

(survey covered 30.000 participants from 320.000 ICPC alumni)

Management

- 1 506 founders and co-founders
- 519 CEOs
- 1 194 presidents and deputy
- 511 business owners
- 250 CTOs
- 139 executive directors
- 571 partners
- 65 chairmen of the board of directors
- 260 CEOs
- 766 directors of educational projects
- 683 senior employees
- 3 559 directors
- 216 lawyers
- 3 663 scientist-researchers

Engineers

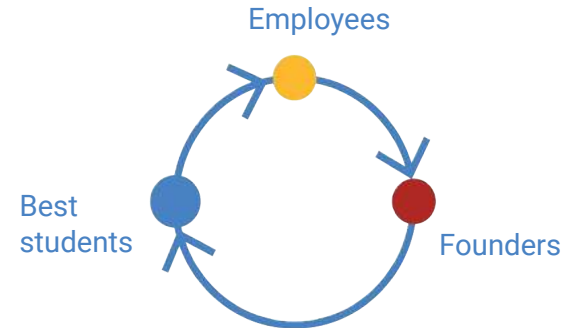

- 20 090 engineers
- 17 932 software engineers / developers

Research & Development

- 2 934 professors
- 1 652 Data Scientists / Data Engineers

Interaction in ICPC

ICPC alumni employed by TOP companies

MOSCOW WORKSHOPS ICPC

International educational project of competitive programming

2200 participants in **7** years

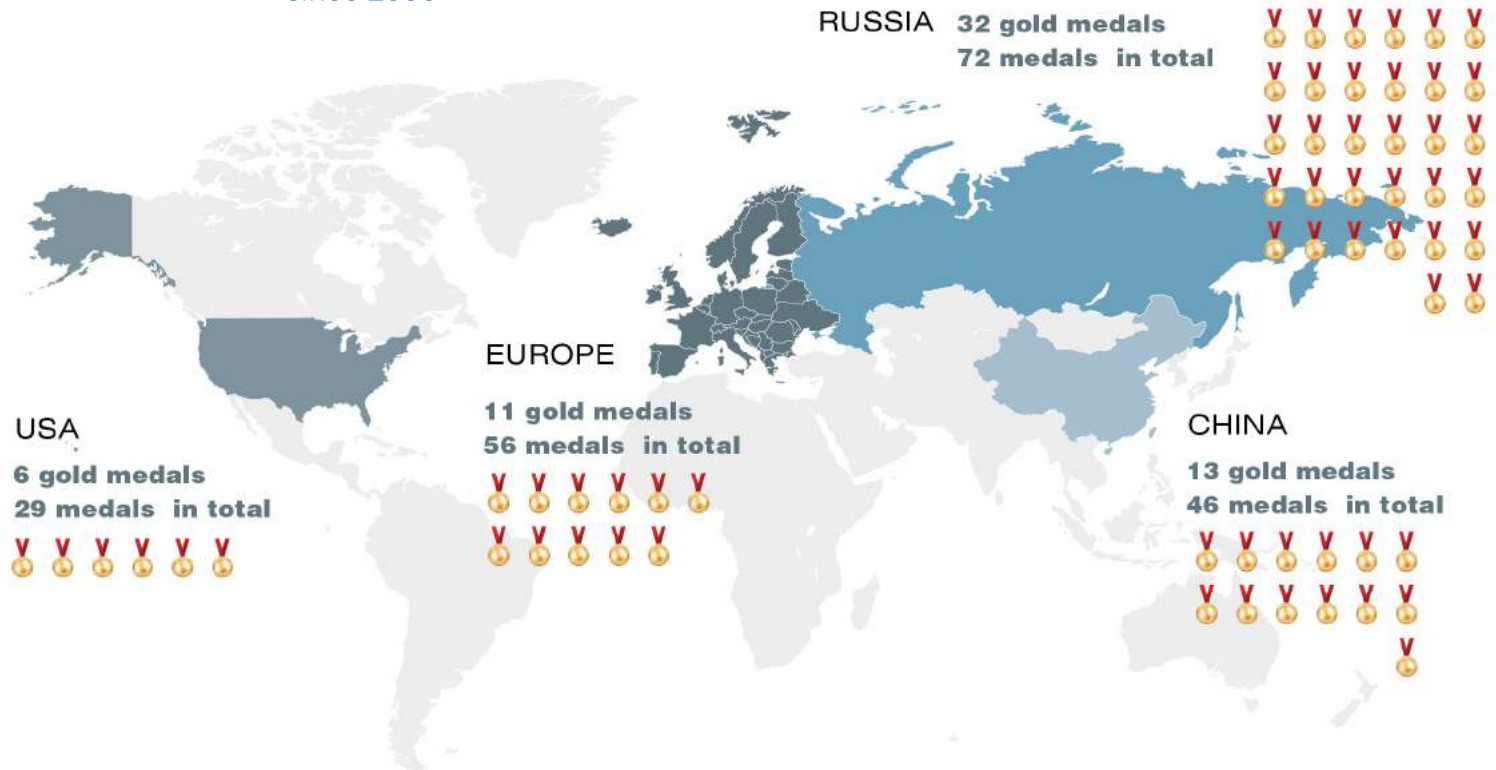

Moscow Workshops ICPC (MW) as an international educational project for collegiate programmers was founded on MIPT campus in 2012.

MW is experienced in training ICPC champions and in organizing large sport programming events, which allows us to shine the spotlight of academia and industry on the next generation of computing professionals – the ICPC contestants.

ICPC WORLD FINALS MEDALISTS

since 2000

BY MEANS OF MOSCOW WORKSHOPS WE INFLUENCE THE OUTCOMES
OF THE WORLD CHAMPIONSHIP SCORE

MEDALISTS OF THE WORLD FINALS ICPC THAT ATTENDED MOSCOW WORKSHOPS

10 out of 13 medalists participated in MW in 2018

Place		Name	Solved	Time
	1	 MSU  MW Participant	9	1427
	2	 MIPT  MW Participant	8	960
	3	 Peking U	8	1190
	4	 Tokyo U  MW Participant	8	1566
	5	 Seoul U	7	719
	6	 NSW U  MW Participant	7	855
	7	 Tsinghua U  MW Participant	7	1002
	8	 Jiao Tong U  MW Participant	7	1016
	9	 ITMO U  MW Participant	7	1086
	10	 U of C Florida  MW Participant	7	1133
	11	 MIT	7	1144
	12	 Vilnius U  MW Participant	7	1174
	13	 UrFU  MW Participant	7	1234

11 out of 12 medalists participated in MW in 2019

Place		Name	Solved	Time
	1	 MSU  MW Participant	10	1531
	2	 MIT  MW Participant	9	1191
	3	 Tokyo U  MW Participant	9	1386
	4	 Warsaw U  MW Participant	8	891
	5	 National Taiwan U  MW Participant	8	1179
	6	 Wroclaw U  MW Participant	8	1200
	7	 Seoul National U  MW Participant	7	783
	8	 KimChaek U	7	803
	9	 Sharif U  MW Participant	7	923
	10	 MIPT  MW Participant	7	954
	11	 HSE  MW Participant	7	990
	12	 Hong Kong U  MW Participant	7	1057

MOSCOW WORKSHOPS ICPC MISSION

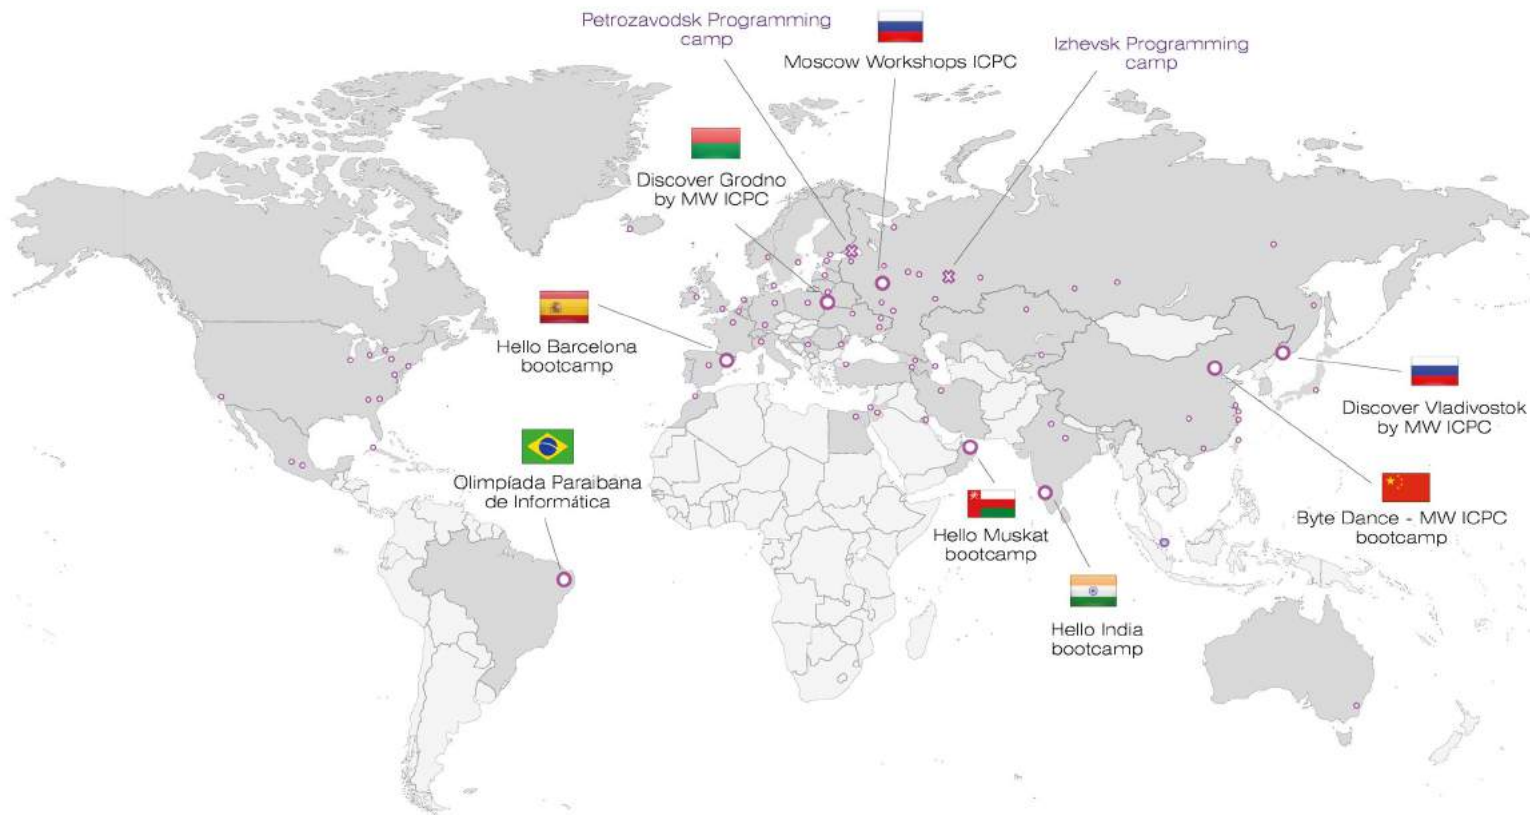

Our mission is to help talented students
to become leaders of technological
breakthroughs

RECENT CAMPS OF MOSCOW WORKSHOPS ICPC

GEOGRAPHY OF MOSCOW WORKSHOPS ICPC PARTICIPANTS

PARTICIPATING UNIVERSITIES (203 UNIVERSITIES FROM 55 COUNTRIES)

Europe (53 universities) among them:

University College London
(London, United Kingdom)

University College London Technical
University of Munich (Munich, Germany)

Utrecht University
(Utrecht, Netherlands)

University of Helsinki
(Helsinki, Finland)

Lund University
(Lund, Sweden)

University of Copenhagen
(Copenhagen, Denmark)

Ecole Polytechnique
(Paris, France)

Moscow (12 universities) among them:

Lomonosov Moscow
State University

Moscow Institute of
Physics and Technology

Higher School of Economics

Asia (75 universities) among them:

Tsinghua University
(Beijing, China)

Seoul National University
(Seoul, South Korea)

Peking University
(Beijing, China)

University of Tokyo
(Tokyo, Japan)

The Chinese University of Hong Kong (Hong
Kong, China)

Africa (2 universities) among them:

Al Akhawayn University in Ifrane
(Ifrane, Morocco)

South America (4 universities) among them:

Universidade Federal do Rio Grande
do Norte (Natal, Brazil)

Pontifical Catholic University of Rio de Janeiro
(Rio de Janeiro, Brazil)

North America (20 universities) among them:

Massachusetts Institute of Technology
(Cambridge, USA)

University of Pennsylvania
(Philadelphia, US)

Cornell University
(Ithaca, US)

University of Waterloo
(Waterloo, Canada)

Russian Regions (36 universities) among them:

Kazan Federal University
(Kazan, Russia)

Saint Petersburg
State University

Novosibirsk State
University

ITMO University
(Saint Petersburg)

Australia (1 university)

University of New South Wales
(Sydney)

NEW INDUSTRIAL PARTNER

ByteDance - Moscow Workshops ICPC Programming Camp, February 2019

ByteDance is a large Chinese Internet technology company operating machine learning-enabled content platforms such as

popular media app for creating and sharing short videos **TikTok**

TOUTIAO

news and information content platform **Toutiao** (the most expensive startup in the world)

ByteDance estimated market value amounts to 75 billion US dollars

ICPC WORLD FINALS 2020 IN MOSCOW

More than 1500 people participate in the World Finals: teams, coaches, university representatives, leading IT-companies representatives, guests and teams' fans.

PROGRAM:

5 days is the duration of the finals

2 days of competition

Business program

Tech-show

Cultural program

(opening and closing ceremonies, sightseeing)

- Participants are accommodated in the best hotels of the city
- Full board meals and guided sightseeing tours are available
- The host provides participants with an exciting program that introduces cultural heritage sites and attractions. Usually participants and guests stay in the city for 2 more days after the official part finishes

PLANS FOR THE 2019 SEASON:

UNDERTAKEN AND FUTURE WORKSHOPS

Workshop Name	Dates	No of Participants	Level
ByteDance Winter Programming Camp	February 15-23	150	A, B
Moscow ICPC Pre-Finals Workshop 2019	March 9-15	160	A, B
Hello Muscat Programming Bootcamp	March 9-15	87	A, C
Discover Vladivostok 2019	July 6-13	80	A, B/C
Discover Grodno 2019	July 7-14	40	B, C
Discover Baikal 2019	September 7-14	80	C, D
Discover Singapore 2019	September 21-28	100	B, C
Discover Riga 2019	October 5-13	60	A, B/C
Moscow ICPC Fall Workshop 2019	November 5-14	200	A, B

APPROXIMATE PROGRAM FOR A WORKSHOP (CAMP)

Day 0-1:

Participants arrivals
Registration
Opening Ceremony (Rules and Schedule acceptance)
Trial tour
First lectures or contests

Day 2-3:

Training (lectures, contests, problem analysis)

Day 4:

Leisure Day
Sponsor's activities

Day 5-6:

Training (lectures, contests, problem analysis)

Day 7-8:

Final Contests
Closing ceremony (results summary)
Departures

CURRICULUM DIVISIONING: PARTICIPANTS' LEVEL OF KNOWLEDGE AND SKILLS

DIVISION A	DIVISION B	DIVISION C	DIVISION D
Team competition	Team competition	Team competition	Personal Credit
Designed to prepare students to participate and win medals in the upcoming ICPC World Finals	Designed to help teams to prepare for regional and international competitions	Designed for freshmen to the world of ICPC competitive programming, who already have teams in their universities	Designed for freshmen to the world of ICPC competitive programming, who haven't created a team yet
Contestants are provided with sets of 8-13 problems for each contest day, 6-9 contests day per each workshop. Each contest day ends up with thorough problems analyses from coaches (instructors)	Participants are provided with lectures on topics of Computer Science relevant for competitive programming, as well as contest materials and problem solutions	Participants are provided with lectures on topics of Computer Science relevant for competitive programming, as well as contest materials and problem solutions	Participants are provided with lectures on topics of Computer Science relevant for competitive programming, basics of algorithms and data structures

and the Far East Federal University

Moscow Workshops ICPC

QUALIFICATION OF APPLICANTS

Division C

Students should have basic skills in solving algorithmic problems, show the knowledge of basic constructions of C/C++ or Java programming languages: arithmetic operators, "for" and "while" loops, functions, classes

The program contains basic and advanced algorithms and data structures: finding shortest paths in weighted graphs, segment trees, finding patterns in text (prefix-function, z-function, tries), dynamic programming in submasks etc

**DISCOVER
Vladivostok**

by Moscow Workshops ICPC
and the Far East Federal University

Moscow Workshops ICPC

QUALIFICATION OF APPLICANTS

Division B

Students should have a wide-ranging experience in competitive programming and strong skills in data structures

The program contains classic to regional ICPC competitions non-thematic contests as well as lectures and thematic contests of the high level of proficiency. Potentials topics could be max flow algorithms, building of suffix array/tree/automaton, long multiplication and division using Fast Fourier Transformation, persistent data structures etc

Moscow Workshops ICPC

QUALIFICATION OF APPLICANTS

Division A

Students should have a vast long-term experience in competitive programming, show complete knowledge of algorithms and data structures, be qualified to participate in the ICPC World Finals

The program doesn't include any lectures and consists entirely (or almost entirely) of non-thematic contests of the highest level (the World Finals level and/or ever higher) and their analyses
